Trends and Innovations in Clinical Trial Statistics

**Poster Session Guidelines**

Posters should describe an innovative use in statistics, and can describe original research or a case study making innovative use of existing methodology. Descriptions of solutions to challenging trials due to methodological issues, disease area, or ethical concerns are also encouraged.

Application to present a poster should be made by March 31, 2014, at 11:59 pm. Application can be made by emailing an abstract for the poster to Russell Reeve at russell.reeve@quintiles.com. With the application, include:

- the name of the author(s) and affiliation, if any;
- email address for the corresponding author;
- title of the presentation;
- and a one paragraph abstract of no more than 500 words.

The deadline to submit the abstract is **Monday, March 31, 2014, at 11:59 pm ET (USA)**. Notifications of acceptance or decline will be made by April 6, at 11:59 pm via email.

Authors will hold discussions with registrants who are circulating among the poster boards. Many authors find it helpful to present a brief introduction to answer the obvious questions and allow the remainder of the time for more in-depth discussions.
